UNWAVERING SUPPORT

FOR UNCOMMON HEROES

National Theme: Hands that Serve, Heart that Care

Department Theme: Be the Anchor for Our Veterans, Hold Them Steady and Safe

In last two bulletins, I have touched on how to create traditional photo albums and scrapbooks. Let's now talk about digital photo albums and scrap books. You are saying what the difference between digital photo albums and digital scrap books? Well, there is not much difference between the two. A digital photo album is just that, an album of pictures put into a printed book. A digital scrap book is a little more two dimensional just like a traditional scrap book. Digital is just easier because you choose what goes in and the software/company does the work.

Two common companies that do complete digital scrap books and albums are Shutterfly and Snapfish. If you check out their websites, both give ideas and will help to bring your creation to life.

Another fun idea for pictures is a digital photo frame. This is something you could use when you have a function, to show others what your Auxiliary has done throughout the past year.

Did you know that you can order membership brochures and fact sheets from National free of charge? The order form can be found in the Program and Publicity Resources under Historian and Media Relations.
