By now you should have studied your guide sheet and know it well, it would be a good idea to break up what needs to be done so that at each meeting you can report on what you have done according to your guide sheet.

Four of the "8" Identifiable P's are listed in this bulletin. Watch the next bulleting for the last four.

**Mentoring for Leadership Use the "8" Identifiable P's**

**Purpose-**to provide guidance and Understanding (help others to understand just what the purpose of Mentoring for Leadership is. To guide others in mentoring to others at all times.

**Participation-**mentoring at all times, all settings, Mentoring is not just during meetings, it is outside the meeting also. You may want to mentor a youth group or senior group, or another Auxiliary member to understand what mentoring is, or to understand what they are trying to do its teaching! So do not let it stop within our group of people.

**Provide-** knowledge of activities and opportunities! If you know how to do something a new member does not then mentor that new member, the same with an older person or someone that just has not attended in a while. Things within our organization change every day.

**Prepare-** gather/distribute resources in positive ways. Be positive always, do not express be verbally short in your guidance way, it hurts and makes people stop asking how to or why something is done the way it is. Use print outs as visible aids to mentor.

Know your guide sheet and use it to keep track of what has been done and as a tool to report from.

May God bless and keep you all safe and healthy
