Fall Conference is over and if you didn’t attend you missed a great School of Instruction. Every Department Auxiliary Chairman that had a counterpart in the VFW Post at Department paired up and preformed their school of instruction together. Working together, what a way to mentor each other! Try this in your own auxiliary but with each other during a meeting. Two Chairman working together to teach others what the chairmanship is about. Personally I think anytime someone works together the results are dynamite. Report this under other and I will give you credit. Let me know what you did. I am excited to hear how it turned out.

“If your actions inspire others to learn more, dream more, do more and become more then you are a leader!” – John Quincy Adams

Are you using the all Resources available to you? “Mentoring at VFW Auxiliary” – Relationship Building for the Future found on the National Web site. Quote from this resource, “Mentors are more than just friends, and they are more than just instructors. They do both, and you care about one another.”

1) It doesn’t happen overnight.
2) It often happens naturally.
3) Everyone wants a mentor in some way.
4) Not everyone is willing to be one.

May God bless and keep you all safe and healthy
